Medicine on time
Medicine on time pharmacy

Medicine-On-Time is an innovative personal prescription system that takes the daily hassle out of taking medicine. No more juggling pill bottles. No more guesswork about dosages and times. With Medicine-On-Time, you may never miss a dose of medicine again.

It's a Pill Cup. Expertly prepared by your pharmacist, each personal pill cup contains the exact pills you need to take—and each cup is labeled with the precise time to take them.
Medicine-On-Time
puts the right dose, right at your fingertips.

It's a Calendar. Your personal pill cups come perfectly organized in color-coded calendar cards. It's a familiar and easy-to-follow system for keeping track of your medications. Remove a single dose—or several—for total convenience when you're on the go.

It's a Reminder. Medicine-On-Time will send a discreet text message to your mobile phone when it's time to take your medication. And, every text message provides specific instructions, so you'll never forget exactly what to do—and precisely when to do it.

Medicine-On-Time is Refill Management. No more racing to the pharmacy. No more waiting in line at the prescription counter. Your Medicine-On-Time pharmacist will synchronize your refills, and prepare your next package well in advance of running out. So relax. Medicine-On-Time is how to take it easy. Want to find a Medicine-On-Time pharmacy in your area? Click here. Your pharmacist doesn't offer Medicine-On-Time? Just click here to download a letter explaining the benefits of our exclusive medication management technology. Then, print it out and drop it off next time you're at your neighborhood pharmacy. It's easy, and your pharmacist will thank you!
